PASTOR'S NOTES

Dear Parishioners,

Just a brief update on the situation at Word of God Parish. First of all thank you for your prayers and support for our brothers and sisters of the Lord. Secondly, I'm very grateful for your patience and understanding. As you know we were working toward reducing our Mass schedule for the area, but the Diocese asked that we suspend those efforts while they review the entire situation at Word of God Parish. While we await the results of their evaluation and any action as a result of their review please prayerfully seek the Lord's healing graces for the entire flock here in Swissvale and Rankin.

Abortion is dangerous. The abortion industry is one of the least regulated medical fields and usually attracts the least qualified doctors. Women are often being taken from abortion killing centers in ambulances because of botched abortions and incompetent medical practices; many of them die. This fact is suppressed in the media.
